Re : Letter of Appreciation

Our company has held a 4 days workshop of RT Wing Chun Subconscious Vitality Philosophy<sup>®</sup>. The attendants were mainly from our sales team.

During the course, the attendants have learnt the concept and method on how to increase their self-improvement and self-confidence from Dr. Tung's self-invented RT3S<sup>®</sup> concept and action and his modified Wing Chun Philosophy. In addition, we have learnt Wing Chun basic self defense and attack techniques in order to have better health and self defense ability.

The workshop was practical and interactive that all attendants could exchange their ideas and views in the harmonious and relaxed atmosphere. All participants have learnt the relationship between Kung Fu and management concept, and how to apply their related theories in business and actual life.

We appreciate Dr. Tung's teaching and efforts and recommend the RT Wing Chun Subconscious Vitality Philosophy® as a programme for corporate training.

Yours faithfully,

Ken Wu
